## [Drive Electric Long Island in the Community](#)

National Night Out at  
Syosset/Woodbury Community  
Park

Drive Electric Long Island was  
proud to participate in National  
Night Out at Syosset/Woodbury

Community Park this past Tuesday, August 5th! We joined an amazing lineup of community partners in business, education, and healthcare to share EV education, ownership insights, and display an electric vehicle up close.

From curious kids to first-time EV viewers, the event welcomed guests of all ages and backgrounds making it a fun, engaging night full of great conversations. For many, seeing an electric vehicle in person was a true eye-opener!

See details for all events on our [website](#).

## Inside The State of EVs on Long Island 2025 Report

The State of EVs on Long Island 2025 Report is here! Our latest report is now available on our website, featuring the top EV dealers on Long Island, detailed charging infrastructure data, and a community-level breakdown of EV sales and usage across Long Island towns. Plus, get the latest on rebates and incentives.

## EV News

### **Hundreds of Old EV Batteries Have New Jobs in Texas: Stabilizing the Grid**

East of San Antonio in Bexar County, 500 electric vehicle batteries at the end of their automotive lives will soon be repurposed to provide energy storage for Texas' electric grid, a California company, B2U Storage Solutions, announced on Tuesday.

### **Kia Displays EV9 Vehicle-To-Home Function At Famed Forum**

Kia America is using the Kia Forum in Los Angeles to demonstrate how its flagship EV9 electric SUV can extend beyond

transportation to support both fleet operations and residential energy needs.

The Kia Connected Home exhibit, open July 28 through Jan. 29, shows how the EV9's advanced charging and energy-transfer technologies could benefit drivers and fleet operators alike.
