Ride and Drive Recap

PSEG-LI

Thank you to PSEG Long Island for hosting our last EV Ride and Drive event! It was the perfect sunny day for employees to enjoy lunch, ice cream, and explore the future of driving on Long Island. 41 participants took 78 test drives in 8 electric vehicles, a great turnout and an even better ride!

Thanks to Nissan of Westbury, Honda of Manhasset, King O'Rourke Cadillac, Huntington Hyundai, and Lucid for bringing their EVs for test drives.

Interested in bringing a Ride & Drive event to your workplace? Contact us to schedule one at your mid- to large-size company location and let your team experience the excitement of going electric!

Drive Electric Long Island in the Community

Come Visit Us!

Drive Electric Long Island will be out in the community this summer to answer your questions about electric vehicles. In June, come see us at the East Meadow Community Day in Speno Park on June 14, or the CCE Farmer's Market in Eisenhower Park on June 21. See details for all events on our [website](#).

Inside The State of EVs on Long Island 2025 Report

The State of EVs on Long Island 2025 Report is here! Our latest report is now available on our website, featuring the top EV dealers on Long Island, detailed charging infrastructure data, and a community-level breakdown of EV sales and usage across Long Island towns. Plus, get the latest on rebates and incentives.

People Still Want Electric

Vehicles, Surveys and Data Say

Just as many Americans—about a quarter of them—are considering buying an EV in 2025 as were considering one in 2024. Demand remains strong.

“Despite a cloud of uncertainty around future EV interest and potential economic headwinds hanging over the automotive industry, consumer demand for electric vehicles has remained stable,” according to the J.D. Power 2025 US Electric Vehicle Consideration (EVC) Study released yesterday.

10 Best Electric Car Deals in June

From family haulers to nimble city cars, these EV lease and finance offers are among the year's most affordable, with several options under \$200 per month. If you've been thinking about making the switch to an electric vehicle, June might be the time to do it.

Automakers are rolling out aggressive lease and financing offers across a wide range of EVs, with several models available for less than \$200 per month and multiple options offering 0% APR. Whether you're looking for a tech-filled commuter car, a family-friendly SUV, or something in between, there's no shortage of compelling deals this month.
