THURSDAY
JUNE 26, 2025

7 TO 8 PM

HICKSVILLE PUBLIC LIBRARY
169 JERUSALEM AVE
HICKSVILLE, NY 11801

Ride and Drive Recaps

Spellman High Voltage Electronics

We were thrilled to partner with Spellman High Voltage Electronics Corporation for their Earth Day celebration! The event included a ribbon cutting for their brand-new workplace EV chargers and EV ride & drives for employees. Spellman proudly achieved Silver EVAL (Electric Vehicle Adoption Leadership) certification—the first on Long Island—demonstrating a strong commitment to EV technology and sustainability.

Farmingdale State College

In celebration of Earth Month, Drive Electric teamed up with Farmingdale State College to host the Annual EV Symposium & Ride and Drive on April 25! From expert panels and Q&A sessions to hands-on test drives of 10+ electric vehicles—including models from BMW, Cadillac, Ford, Chevy, and GMC—attendees got a full day of EV education and excitement.

Over 150 people joined the morning symposium, and 100+ took part in 166 test drives throughout the day. With vendor tables, owner showcases, great food, and perfect weather, it was a fantastic day to explore the future of driving!

Northwell Health

We had an absolute blast at our Ride and Drive event hosted at Northwell Health! The event gave employees an exciting opportunity to get behind the wheel and experience the power and performance of electric vehicles firsthand.

Attendees explored a lineup of 12 diverse EV models, including sedans, SUVs, and even a pick-up truck. In addition to test drives, employees had the chance to ask questions, compare features, and learn more about the

benefits of EV ownership, charging options, and the growing EV infrastructure on Long Island.

Huge thanks to our incredible dealer partners—Rallye Motors Mercedes-Benz, Rallye BMW, Honda of Manhasset, Biener Ford, Nissan of Westbury, Lucid, Empire Volvo Cars Smithtown, Empire Chevrolet of Huntington, and King O'Rourke Cadillac Buick GMC, BMW of Freeport, Empire Ford and Tesla — for bringing an amazing lineup of EVs to these events.

Interested in bringing a Ride & Drive event to your workplace? Contact us to schedule one at your mid- to large-size company location and let your team experience the excitement of going electric!

Inside The State of EVs on Long Island 2025 Report

The State of EVs on Long Island 2025 Report is here! Our latest report is now available on our website, featuring the top EV dealers on Long Island, detailed charging infrastructure data, and a community-level breakdown of EV sales and usage across Long Island towns. Plus, get the latest on rebates and incentives.

EV News

Governor Hochul Announces an Additional \$30 Million is Now Available to Lease or Purchase an Electric Vehicle in New York

Governor Kathy Hochul today announced \$30 million is now available for consumers to lease or purchase new electric vehicles (EVs) in New York through the State's Drive Clean Rebate program, which provides point-of-sale rebates for more than 60 new EVs. In addition, incentives for EV chargers through the Charge Ready NY 2.0 program have been updated to expand consumer access to convenient, easy charging at multifamily buildings and workplaces, including hotels. Today's announcement helps to make driving electric more affordable, increases the number of chargers available, and reduces pollution from the transportation sector in New York State.
