[Ride and Drive Recap](#)

## NY Institute of Technology

A big thank you to everyone who joined us for our Ride & Drive Event at the New York Institute of Technology with Rallye Motor Company!

From test-driving EVs by BMW, Mercedes-Benz, Lexus, and Acura to enjoying delicious bites from Sid's All American and sweet treats from Kool Kat, it was an unforgettable day. We're grateful to everyone who came out to explore the future of driving with us.

## Drive Electric Long Island in the Community

### Jones Beach Nature Center

On a beautiful summer-like day at the Jones Beach Nature Center, Drive Electric Long Island joined the Solar Shindig community event!

Families enjoyed learning how solar energy can power EVs — with kids getting hands-on experience using model toy cars powered by the sun while adults explored how EVs and solar panels work together to create clean, emission-free transportation.

See details for all events on

## Inside The State of EVs on Long Island 2025 Report

The State of EVs on Long Island 2025 Report is here! Our latest report is now available on our website, featuring the top EV dealers on Long Island, detailed charging infrastructure data, and a community-level breakdown of EV sales and usage across Long Island towns. Plus, get the latest on rebates and incentives.

## EV News

### **2026 Tesla Model 3 and Model Y Standard Make Small Cuts for Big Savings**

At a time when it feels like everything is getting more expensive by the hour, it's refreshing to see an automaker roll out more affordable models. That's exactly what happened in Texas this week, with Tesla announcing a new Standard base variant for its compact EVs, the Model 3 and Model Y.
