Electrify Expo Recap

We had the best time at Electrify Expo at Nassau Coliseum!

North America's largest electric vehicle festival spans over 1 million sq. ft. featuring the world's top electric brands, from cars and trucks to e-bikes, scooters, and more!

We loved connecting with attendees to share the benefits of driving electric for both you and Long Island!

85,047 LONG ISLAND

JOIN THE GROWING EV MOVEMENT ON LONG ISLAND

Thousands of Long Islanders are already driving electric—and the numbers keep climbing. Explore how EV ownership is spreading across neighborhoods and towns. As more residents make the switch, we're building momentum toward a cleaner, more affordable transportation future for everyone.

Congratulations to Huntington Station and Syosset for each having over 2,000 EVs in the road! Check out how many EVs are on the road in your community [HERE!](#)

Get up to \$300 off a Residential Charger from PSEG LI

Qualified PSEG Long Island customers can receive a \$200 rebate off a qualified ENERGY STAR® Certified Level 2 EV charger. Customers located in Disadvantaged Communities or who are on the Household Assistance Program can receive an additional \$100 – totaling \$300 in rebates. An interactive map of designated Disadvantaged Communities can be found [here](#).

EV News

Kia slashes EV prices with a new \$10,000 discount across the board

After the \$7,500 federal EV tax credit expired at the end of September, automakers are looking for new ways to offer savings. Like most, Kia is offering rebates and other discounts to make up for the loss.

On November 4, Kia launched a new promotion offering a \$10,000 customer cash discount across its entire EV lineup.

It's Not Just The Bolt. A 'Family' Of Low-Cost EVs Is Coming, GM President Says

The Chevy Bolt is back, better than ever and just as cheap as before it went on hiatus. But it's not the only affordable electric vehicle General Motors is cooking up.

EV Sales Down, but Not Out: U.S. Consumer Interest Continues to Grow, Led by Current EV Lessees Coming Back to Market

The percentage of active new-vehicle shoppers who say they are "very likely" to consider

buying or leasing an EV in the next 12 months increased to 24.2% in October, up from 21.6% in September. This is the highest level of EV consideration since January 2025.
