PSEG LI Residential Charger Rebate

## The Hub for EV Savings on Long Island!

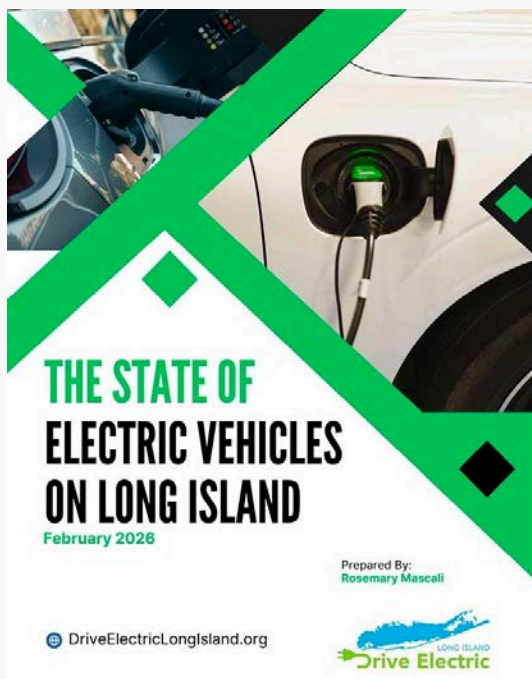

Long Island drivers can now explore current incentives, exclusive offers, and partner promotions on electric vehicles, all in one easy-to-

find place. Whether you're ready to purchase your first EV or just starting to explore your options, the Deals Hub brings together the most compelling local opportunities to help you make a smarter, cleaner transportation choice.

Best of all, the Deals Hub is updated monthly, so you can keep coming back to discover new savings, limited-time offers, and the latest EV incentives available on Long Island.

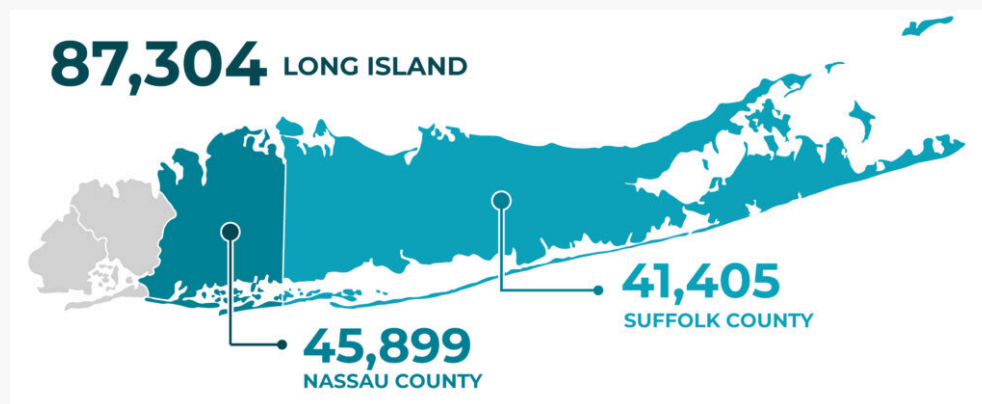

Click [HERE](#) to visit the Deals Hub on our website.

The 2026 State of Electric Vehicles on Long Island Report has officially arrived.

Inside, you'll find the latest data and insights on EV adoption across Long Island towns, trends in local EV usage, top EV dealers, charging infrastructure growth, and a comprehensive overview of available rebates and incentives.

Click [HERE](#) to read on our website.

### [Curious How Many EVs Are In Your Neighborhood?](#)

Thousands of Long Islanders are already driving electric—and the numbers keep climbing. Explore how EV ownership is spreading across neighborhoods and towns. As more residents make the switch, we're building momentum toward a cleaner, more affordable transportation future for everyone.

Check out how many EVs are on the road in your community [HERE!](#)

# EV 101

## BABYLON PUBLIC LIBRARY

**MONDAY,  
MARCH 16TH  
6PM TO 7PM**

Learn the basics about electric vehicles and charging, and get the chance to speak with current EV owners about why they went electric and what it's really like to drive one.

**24 SOUTH CARLL AVE, BABYLON, NY 11702**

Join us for an EV 101 at Babylon Public Library on Monday, March 16, 2026 from 6 PM - 7 PM.

Come learn the history of electric vehicles (EVs), EV basics, cost savings, environmental considerations, EV charging basics, available incentives, common myths and misperceptions, and resources available to continue learning. Plus, connect with current EV owners to find out what it's really like to own and drive one. Several electric cars will be available on site if you'd like to take a look.

You can register [HERE](#).

BUILT WELL  
SOLAR

Celebrating 25 Years as Long Island's Solar Pioneer

Drive Electric Long Island is proud to announce the latest new member of our coalition: **Built Well Solar!**

Celebrating 25 years as Long Island's solar pioneer, Built Well Solar has been capturing the power of the sun since 2001. From Bellmore to Bayville...

Mineola to Montauk... and everywhere in between, the company has designed and installed more solar energy systems on Long Island than most other companies combined and is consistently ranked one of the "Top Solar Companies in the U.S." Drive Electric Long Island welcomes Built Well Solar in our joint mission of educating and supporting our fellow Long Islanders to improve air quality, reduce transportation and energy costs, and help planet Earth!

## Used Cars Are Lingering on Lots as Prices Climb, But EVs Are Moving Fast

Sustained high prices are starting to slow the typically rapid pace of used car sales. Yet as shoppers grow more deal-focused, an unexpected bright spot has emerged: EVs, despite cooling momentum on the new-car side, are being scooped up faster than any other powertrain in the used market.
